From the bombastic and epic, to the folky and mystical, Get The Led Out have captured the essence of the recorded music of Led Zeppelin and brought it to the big concert stage. The Philadelphia-based group consists of six accomplished musicians intent on delivering Led Zeppelin's studio recordings with all the bells and whistles. Utilizing the multi-instrumentalists at their disposal, Get The Led Out re-create the songs in all their depth and glory with the studio overdubs that Zeppelin themselves never performed live. Dubbed by the media as "The American Led Zeppelin," Get The Led Out presents a two hour plus set each night that spans the mythic career of the legendary British super group.

With a strong focus on the early years, they also touch on the deeper cuts that were seldom, if ever heard in concert. A Get The Led Out concert sort of mimics the "light and shade" that is the embodiment of "The Mighty Zep." Whether it's the passion fury with which they deliver the blues soaked, groove-driven rock anthems, or the delicate nature of their intimate, sit-down acoustic set (complete with special guest female vocalist for "The Battle of Evermore"), it's their attention to detail and nuance that makes a Get The Led Out performance a truly awe-inspiring event!
